

## IHI Basic Certificate +3\*

### IHI Basic Certificate

#### Basic Certificate in Quality and Safety

Earning the Basic Certificate in Quality and Safety boosts your knowledge and skills — and proves to employers you’re serious about changing health care for the better. To receive the Certificate, you must complete the following 13 Open School courses:

- *QI 101–Q105, PS 101–105, TA 101, PFC 101, and L 101.*

**17.75 continuing education credits** are available for nurses, physicians, and pharmacists, who earn the certificate of completion for all 13 courses.
