FIRE ALARMS AND EVACUATION

R - rescue those in danger A - pull the alarm and <i>Dial 4-2222, CODE RED and provide location (building, floor and room number)</i> C - contain the fire E - evacuate or extinguish
--

DO NOT endanger yourself or others in this effort! Alarms are computerized; the location will print out in the Engineering control office. In case of a fire, follow SHANDS JACKSONVILLE fire procedures. Call the operator at 4-2222 and tell her/him that there is a Code RED (fire) and the location. The operator will then call the fire department and announce Code RED and location over the PA system.
