RESIDENT MANUAL

**MEAL CARDS**

UF Health-Jacksonville provides meal funding for residents who are in the hospital beyond normal working hours. The meal card is loaded with the funding allocation by Morrisons Food and Nutrition Services in June and is distributed to the trainees no later than June 30<sup>th</sup>. The cards are valid July 1 through June 30 of each academic year. The cards may be used at all UF Health-Jacksonville food service locations. (Please note that additional money cannot be added to the meal card provided by UF Health.)

If the trainee depletes their UF Health Jacksonville meal card, individuals may purchase their own meal card through the Kiosk in the Clinical Center Cafeteria using their personal credit/debit card. Money may be added to one's personal meal card at any time through the Kiosk.
